

Lend A Hand Society

Helping people toward a better future

2020 Annual Report

Serving the Greater Boston Community for over 125 Years

LETTER *FROM THE* PRESIDENT

Dear Friends,

Lend A Hand began 2020 committed to its vital and simple mission: helping people toward a better future. We accomplish this by providing emergency financial assistance to ease the crisis threatening both the present and the future for low-income individuals and families. Through more than 125 years, a process has been developed to work through social workers in Greater Boston to provide needed aid.

By March 2020 we knew we were in for an unknown period of office closures and virtual work, to say nothing of months of uncertainty and health worries. Our social service agency partners – truly all of us – struggled to adjust. Simultaneously, through the rest of the year and well into 2021, the number of emergencies exploded. Many people who had been barely managing were pushed out of work, unable to pay bills, and sickened by COVID.

During this uncertain and scary time, with record numbers of requests, Lend A Hand asked its supporters to help meet the need through contributions to its Urgent Response Campaign. We were not disappointed. Generous donors as well as new friends responded. Lend A Hand's small grants made a world of difference to neighbors in need.

We don't expect the requests to diminish. We are actively working to expand the number of donors who support Lend A Hand's mission.

Numbers in this report tell part of the story but can't convey the human connection. If you helped in 2020, thank you. Please continue or begin your support in 2021. Every gift counts for hurting neighbors.

Kind regards,

Nancy Inui
Board President
